

The Green Acres Advantage.

1. THE ADVANTAGE OF THE ENVIRONMENT.

Located just 10 km from the CBD with an idyllic site of natural billabongs, abundant bird life and tranquil location. 87% of current members see it as close to home.

“When I step onto the course I’m a world away but just down the road.”

2. THE ADVANTAGE OF THE CULTURE.

Our members are a diverse group but are as one. No matter the background or playing standard, since 1948 it has built a very caring and friendly culture that is evidenced in the welcoming of new members. 97% of members recommend the Club to family, friends and business associates.

3. THE ADVANTAGE OF A MULTI-MILLION DOLLAR INVESTMENT.

Our new Clubhouse is an investment in your future. With a structure providing facilities second to none with fully integrated function options, state of the art Golf Centre and stunning outlook over the course and down to the Yarra River. Ten years in the making, it will provide a comfortable, welcoming environment for many years to come.

But it doesn’t end there. We continue to invest in the course to ensure optimal challenges and playing conditions for members all year round.

4. THE ADVANTAGE OF ACCESSIBILITY.

We are committed to providing flexibility for members in planning a game. Unique to our members, you have the option to login or ‘rock up’ at the Club on your preferred day.

This provides each member the opportunity to mix and meet others.

5. THE ADVANTAGE OF PLAYING.

Our course compliments the clubhouse and the clubhouse compliments the course. Both to a standard of golfing excellence. After many years of development, we feature an easy to walk, yet challenging layout for all levels. The legend couch fairways and bent grass greens are always beautifully maintained.

**As we say, Green Acres is the Hidden Gem on the Yarra.
And that, is to your advantage.**
